About Me

I am a dedicated and ambitious high school student from Tataouine, Tunisia, with a strong passion for football and personal development. Playing as a left winger, I excel at dribbling in tight spaces, maintaining ball control under pressure, and creating opportunities for my teammates through smart positioning and movement off the ball. I am fast, agile, and skilled at quick direction changes, though I continue to work on long passes, defensive awareness, and physical endurance.
On and off the field, I am committed to teamwork, constantly improving my technical skills, and learning from every challenge. I thrive under pressure, embrace competition, and never give up —always seeking ways to turn setbacks into growth opportunities. My determination, creativity, and focus make me a resilient and motivated individual ready to take on new challenges.
